Land for sale.

The subscriber offers for sale on accom-
modating terms, several valuable tracts of
land and wildlands, situated in Allen county.
Persons wishing to settle in this country, and
find this a favorable opportunity to procure
THOS. HAMILTON.

FOR SALE.

THE Valuable Mill property belonging to
Fairfield & Freeman 4 miles south
own. The property consists of a Four-
mill with three run of stones, in good order,
a large water wheel, a house attached
to it to make shingles, lath, and put up other
machinery. Also a dwelling house, stable,
a house for Company customers, and every con-
venience, about 9 acres of land, and an-
other privilege on the East side of the River.
This stream affords a plenty of water at any
time, and its situation makes it
the best mill property in the west.

Mr. Freeman's health is so poor he cannot
attend to the business, and not being convenient
for me to attend, as I live to far off, &c.
The payments will be easy, as I am not much
in want of money. I should like to kee
a shot in the locker. Persons wishing to pur-
chase please call on the subscriber.

From the *Evening Democ.*

TO THE PUBLIC.

THE Firm of SAMUEL HANNA & SONS was
dissolved in July last. This is to give no-
tice to all concerned, that the notes and accounts
due said firm, both in this country and N. O.,
have been put in the hands of Mr. W. M. C. TAY-
LOR for collection, who is authorized to receive
and receipt for same. Major TAYLOR
is to be responsible for the payment, and
action to be taken, until I have come
ashore to ask them again; but I assure all per-
sons interested that unless their attention is im-
mediately directed to the subject, they will find
those claims in the hands of an officer for col-
lection.

SAMUEL HANNA.

NATURE'S OWN REMEDY.

THE INVALID'S BEST FRIEND!

THE ORIGINAL AND ONLY

SOVEREIGN REMEDY IN FEVER AND A
GUE, CHRONIC RHEUMATISM, &c.

RUSSELLVILLE, Parisian Co.,

July 1, 1848.

Dear Sirs:

At some time since, my agent left me with a supply
of your Indian Vegetable Pills. I have found said Pills to be
in great demand for the cure of Fever and Auge. Mr.
James T. Hoyt has a son who had been up with Fever and
Auge, and was very ill, and was given up by all as lost, but
he recovered by the use of your Indian Vegetable Pills, after
being given up as lost. He is now sound and well. Mr.
T. Hoyt is a man of great credit, and has had a very
good name, and I am sure he will speak well for your
Pills. I have given a box to a friend, Mr. M. Charles Nichols and three of his family, were ill down at the
same time with Fever and Auge, and had also tried the various
remedies, but were not well. They were given up as lost, but
recovered by your Pills. I am sure you will be pleased to
hear of this, and I hope you will be equally pleased to
hear of my success in curing my son.

Yours very truly,
J. T. Hoyt.

DEMOCRATIC MASS MEETING AT FORT WAYNE!

A Democratic Mass Meeting will be held at Fort Wayne on Thursday, the 26th of October next. A number of distinguished speakers have been invited, some or all of whom are expected to be present and address the meeting. As soon as answers are received to the invitations the names of the Speakers will be announced.

The democracy of Allen and the adjoining counties are invited to turn out en masse—to show themselves in their strength—on the occasion.

DEMOCRATIC MASS MEETING IN NOBLE COUNTY.

There will be a MASS MEETING of the Democrats of Noble and the adjacent Counties at the Haw Patch, four and a-half miles north of the Iron Works, on Saturday, the fourteenth day of October. Hon. E. M. CHAMBERLAIN, J. L. WORDEN, Esq. and other speakers, will address the people. An invitation is extended to all to be present on the occasion.

FOR PRESIDENT,
Gen. Lewis Cass,
of Michigan.
VICE PRESIDENT,
Gen. W. O. Butler,
of Kentucky.

PRESIDENTIAL ELECTORS,
SENATORIAL,
ROBERT DALE OWEN, of Posey County,
EZEZERZI M. CHAMBERLAIN, of Elkhart County,
DISTRICT.

1. NATHANIEL ALBERTSON, of Harrison county.
2. CYRUS L. DUNHAM, of Washington county.
3. WILLIAM H. FISHER, of Franklin County.
4. CHARLES H. TEST, of Wayne County.
5. JAMES RITCHIE, of Johnson County.
6. GEORGE W. CALDWELL, of Marion County.
7. JAMES H. HARRIS, of Clark County.
8. DANIEL MACE, of Tippecanoe County.
9. GRAHAM N. FITCH, of Cass County.
10. ANDREW J. HARLAN, of Grant County.

SATURDAY, OCTOBER 7, 1848.

RAIL-ROAD MEETING!!!

There will be a public meeting at the Court-House THIS EVENING, for the purpose of appointing delegates to attend the Rail-Road Convention at Bluffton, on the 14th inst.

Memorandum Book Found.—A small memorandum book, apparently belonging to a Mr. J. T. Browning of Dayton, and containing some papers—among others a letter of introduction to a gentleman in Cincinnati—was picked up on Wednesday last, and has been left with us for restoration to the owner, who can have it on application at this office.

We give up a large share of our columns this week to Gen. Lane's noble vindication of the much slandered Indiana volunteers from the charge made against them by Gen. Taylor. It ought to be read by every Indiana, and the man who has done so much to disgrace our state ought not to receive a vote in that country.

Value of California.—It has been the fashion of whigs to decry California as a worthless acquisition, and some of them have even gone so far as to propose to cede it back to Mexico. We would direct the attention of those who have entertained this opinion to the account of the newly discovered gold region in that country. The accounts are so glowing, and the richness of the region is so miraculous, that at first we were inclined to disbelieve the whole story, or consider it as greatly exaggerated; but we see it so fully confirmed by later accounts that we believe it may be fully relied on as correct.

California is yet new, and comparatively unknown. When it comes to be fully explored and American skill and American enterprise brought to bear on it we have no doubt it will prove one of the richest countries on the face of the earth, and well worth twenty times the whole expense of the war; and those who now decry its value will be considered in the same light with those who formerly run down the worth and importance of the acquisition of Louisiana. The whole country abounds with minerals—not gold alone, but silver, quicksilver, copper, coal, &c. The last California papers state that new veins of silver have been discovered at Pueblo de San Jose. Mr. A. B. Forrester had sailed from Monterey with a cargo of quicksilver, twenty thousand dollars in value, the products of the mines of New Almaden, near the valley of San Jose, and expected within the short space of three months mines of quicksilver are being discovered all over the territory, and of copper mines there is no end.

THE STAR IN THE EAST.
Astrologer.—The returns complete, show Data (domestic) for October, \$175—Hannibal (whig), \$3,533—for the Bell candidate, \$11,965. The Senate above—Democrats and three whigs—have come to \$6, whig and 10,665.

A Cass & Butler Club was then formed, and J. G. Baker appointed President, and N. Collins Secretary.

Thursday was a great day in Fort Wayne, Spalding's celebrated North American Circus exhibited here, and of course drew a large crowd of wondering and admiring spectators. It is accompanied by a large train, consisting of gingerbread and cider peddlars, a Razor-Strap Man, or Auctioneer of cutlery, Razor-Straps, and other ratle traps; a wonderful biped bear, which having no fore legs, as a matter of necessity walks erect on its hind ones,—and last though not least, an itinerant whig orator, who described in the bills as "a distinguished advocate of Henry Clay at the Philadelphia Convention." All of these were liberally patronized, and drew large crowds, except the latter, who was left almost alone in his glory, and had to waste his sweetness, or his whiggery, on the desert air. We have not yet seen any one who heard his speech, so of course we cannot say anything about it. It may seem a little singular that while all the other wonders, although charged for, were so liberally patronized, this greatest wonder of all—a friend of Mr. Clay electioneering for Gen. Taylor,—and exhibited gratis, was a complete failure. It shows that the honest Hoosiers have some appreciation in such matters, and would rather pay for something worth witnessing than listen to a whig speechmaker gratis. Taylor enthusiasm does not rage very strong in these diggings.

Ohio Election.—The election for Governor, members of Congress, Legislature, &c., comes off in Ohio next Tuesday. There will be a pretty warm time of it, as state politics appear to run rather high among our Buckeye brethren. It is expected that the Democratic Candidate for Governor, Col. Weller, will be defeated, as the free soil men are all opposed to him, and having no candidate of their own, will vote for Ford, the whig nominee, who wisely kept his mouth shut, and never proclaimed whether or not he would vote for Gen. Taylor, thus catching the votes of both Whigs and Free Soilers. Although Ford may be elected, the State is good for Cass and Butler by many thousands in November.

What Does it Mean?—The election law of Ohio makes it the duty of the Governor to issue his proclamation sixty days before the presidential election, giving notice of the time of holding such election; he is also required to certify that the electors receiving the highest number of votes have been duly elected. The proclamation ought to have been issued two or three weeks ago, but the Governor has failed to do it, although the democratic papers are loudly calling on him to discharge his duty. His neglect looks suspicious, and it is strongly intimated that the proclamation has been purposely withheld, in order to give him a pretext for refusing to certify that the electors have been duly elected. The vote of the State is considered sure for Cass and Butler, and it may be that the Whig Governor is about making a desperate attempt to deprive his State of having a voice in the election. It certainly looks suspicious.

Mr. Clay declined.—The great whig movement in favor of Mr. Clay has proved—like most other great whig movements—a mere flash in the pan. Mr. Clay has declined the nomination, and some of his most zealous adherents—Mr. Greely of the Tribune among others—have given in their adhesion to Taylor.

Reminiscences of a Campaign in Mexico.—We have received a copy of a neatly printed little pamphlet under this title, written by Mr. Isaac Smith of Indianapolis, a Lieutenant in the 1st Regiment Indiana Volunteers. It gives an interesting account of the operations of the Indiana troops, and faithful description of the Rio Grande Country. It also ably vindicates the gallant Second Regiment from the aspersions cast upon it, and shows up Gen. Taylor's whole course, and that of the regular officers generally, towards the volunteers.

It is a book that should be placed in the hands of every Indianan. It is published by Messrs. Chapman of Indianapolis, at the low price of 20 cents a copy.

THE PEOPLE MOVING.—A respectable gathering of the Democracy of Adams and Jay counties took place at Alexandria, in Adams county, Indiana. After raising a splendid Hickory Pole at the top of which was waving a superb flag, which bore the names of Cass & Butler, the following gentlemen addressed the meeting, viz: D. Studabaker, P. N. Collins, S. S. Mickle, and S. L. F. W. T. F. The two first speakers are REPROVED WHIGS: they both spoke experimentally of the deception and trickery of the leaders of the Taylor party, and showed in glowing colors the inconsistency of the whig party in opposing the war with Mexico, and then taking up a man whose only popularity was acquired in prosecuting that war—which the whigs as a party opposed as unjust, unwholly, and damnable. After the speakers had all concluded, Mr. Collins offered for adoption the following preamble and resolutions, which were adopted by acclamation:

Whereas, An important Presidential election is shortly to take place in these United States, and believing as we do that the best and wisest men should always be chosen to the helm of State, that our free institutions may thereby be enhanced, and our liberties more preserved; therefore,

Resolved, That in the person of Gen. Lewis Cass, of Michigan, we see an able statesman, well tried, and true in every emergency, and a man to whom we may safely trust the management of affairs as President of our illustrious Republic.

Resolved, That, therefore, we will view with pleasure and admiration the elevation of Lewis Cass to the Presidency, and Wm. O. Butler to the office of Vice President; and that we will use all honest means to secure their election.

Resolved, Further, that we believe the Tariff of 1846 sufficient for the protection of our manufacturers, taking the prosperity of the country into consideration, and the revenue thereby brought into the Treasury; and that we believe it should not be changed for the present.

A Cass & Butler Club was then formed, and J. G. Baker appointed President, and N. Collins Secretary.

Thursday was a great day in Fort Wayne, Spalding's celebrated North American Circus exhibited here, and of course drew a large crowd of wondering and admiring spectators. It is accompanied by a large train, consisting of gingerbread and cider peddlars, a Razor-

Strap Man, or Auctioneer of cutlery, Razor-Straps, and other ratle traps; a wonderful biped bear, which having no fore legs, as a matter of necessity walks erect on its hind ones,—and last though not least, an itinerant whig orator, who described in the bills as "a distinguished advocate of Henry Clay at the Philadelphia Convention." All of these were liberally patronized, and drew large crowds, except the latter, who was left almost alone in his glory, and had to waste his sweetness, or his whiggery, on the desert air. We have not yet seen any one who heard his speech, so of course we cannot say anything about it. It may seem a little singular that while all the other wonders, although charged for, were so liberally patronized, this greatest wonder of all—a friend of Mr. Clay electioneering for Gen. Taylor,—and exhibited gratis, was a complete failure. It shows that the honest Hoosiers have some appreciation in such matters, and would rather pay for something worth witnessing than listen to a whig speechmaker gratis. Taylor enthusiasm does not rage very strong in these diggings.

A Significant Suppression.—The New York Express of Saturday has the following:

"When we first heard of the intended so-called Clay movement in this city, we addressed a private letter to Mr. Clay, not expecting in return any answer which we could print—but we have received an answer, in which we are authorized to say as follows:

ASHLAND, Sept. 8, 1848.

JAMES BROOKS, Esq.—I have given, and shall give, no countenance or encouragement to any movement to bring my name, as a candidate for that office, (the Presidency,) before the public.

On one point I desire no secrecy, and that is, that I am utterly opposed to the use of my name as a candidate for the Presidency.

"My warm regards to your brother.

I am truly your friend and obedient servant,

ASHLAND, Sept. 8, 1848.

DEMOCRATIC MASS MEETING AT FORT WAYNE!

A Democratic Mass Meeting will be held at Fort Wayne on Thursday, the 26th of October next. A number of distinguished speakers have been invited, some or all of whom are expected to be present and address the meeting. As soon as answers are received to the invitations the names of the Speakers will be announced.

The democracy of Allen and the adjoining counties are invited to turn out en masse—to show themselves in their strength—on the occasion.

DEMOCRATIC MASS MEETING IN NOBLE COUNTY.

There will be a MASS MEETING of the Democrats of Noble and the adjacent Counties at the Haw Patch, four and a-half miles north of the Iron Works, on Saturday, the fourteenth day of October. Hon. E. M. CHAMBERLAIN, J. L. WORDEN, Esq., and other speakers, will address the people. An invitation is extended to all to be present on the occasion.

FOR PRESIDENT,
Gen. LEWIS CASS,
OF MICHIGAN.

VICE PRESIDENT,
Gen. W. O. BUTLER,
OF KENTUCKY.

PRESIDENTIAL ELECTORS.

ROBERT B. GOWEN, of Poor County;
JEROME M. CHAMBERLAIN, of Elkhorn County.

DIRECTOR.

NATHANIEL ALBERTSON, of Harrison County.

1. CYRUS L. DETHMOR, of Washington County.

2. WILLIAM M. MCKEEVEY, of Franklin County.

3. JAMES HUTCHINSON, of Jackson County.

4. GEORGE W. CARR, of Lawrence County.

5. JAMES S. CANNON, of Clark County.

6. JAMES M. COOPER, of Monroe County.

7. GABRIEL J. FITCH, of Cass County.

8. ANDREW J. HANAN, of Grant County.

9. ALICE COUNTY DEMOCRATIC CENTRAL COMMITTEE.

S. C. FAIRMAN, P. P. RANDALL.

THOS. THOMAS, M. JENKINSON.

W. S. REED, R. M. McDONALD.

S. WHEELER.

The Fort Wayne Sentinel.

SATURDAY, OCTOBER 7, 1848.

RAIL-ROAD MEETING!!!

There will be a public meeting at the Court-House THIS EVENING, for the purpose of appointing delegates to attend the Rail-Road Convention at Bluffton, on the 14th inst.

MEMORANDUM Book Found.—A small memorandum book, apparently belonging to Mr. J. T. Brown of Dayton, and containing some papers—among others a letter of introduction to a gentleman in Cincinnati—was picked up on Wednesday last, and has been left with us for restoration to the owner, who has it on application at this office.

We give up a large share of our columns this week to Gen. Lane's noble vindication of the much slandered Indiana volunteers from the charge made against them by Gen. Taylor. It ought to be read by every Indiana, and the man who has done so much to disgrace our state ought not to receive a vote in it from either whig or democrat.

VALUE OF CALIFORNIA.—It has been the fashion of whigs to deride California as a worthless acquisition, and some of them have even gone so far as to propose to cede it back to Mexico. We would direct the attention of those who have entertained this opinion to the fact that the country abounds with minerals—not gold alone, but silver, quicksilver, copper, coal, &c. The last California papers state that new veins of silver have been discovered at Pueblo de San Jose. Mr. Alex. Forbes had sailed from Monterey with a cargo of quicksilver, twenty thousand dollars in value, the products of the mines of New Almaden, near the valley of San Jose, and extracted within the short space of three months. Mines of quicksilver are being discovered over the territory, and of copper mines there is no end.

THE STAR IN THE EAST.

State Election.—The returns, compiled from Maine, show Dem. (nominees) for Governor, 43,175—Hamlin (whigs) 39,333—for the Free Soil candidate, 11,965. The Senate election—seven democrats and three whigs—the House of representatives—36 whigs and 10 free soil.

Thursday was a great day in Fort Wayne. Spalding's celebrated North American Circus exhibited here, and of course drew a large crowd of wondering and admiring spectators. It is accompanied by a large train, consisting of gingham and cedar pillars, a Razor Sharp Man, or Auctioneer of cutlery, Razor Stoops, and other rattle traps; a wonderful biped bear, which having no fore legs, as a matter of necessity walks erect on its hind ones, and fast though not least, an enormous whale, who is described in the bills as "a distinguished advocate of Henry Clay in the Philadelphia Convention." All of these were liberally patronized, and drew large crowds, except the latter, who was left alone above in his glory, and had to waste his sweetness, or his whigging, on the desert air. We have not yet seen any one who heard his speech, so of course we cannot say anything about it. It may seem a little singular that while all the other wonders, although charged for, were so liberally patronized, this greatest wonder of all—a friend of Mr. Clay, according to the bills, and exhibiting for Gov. Taylor—and exhibited gratis—was a complete failure. It shows that the honest Hoosiers have some appreciation in such matters, and would rather pay for some worthiness than let one in a whale-spectacle gratis. Taylor's exhibition does not rage very strong in these digests.

Ohio Election.—The election for Governor, members of Congress, Legislature, &c., comes off in Ohio next Tuesday. There will be a pretty warm time of it, as state politics appear to run rather high among our Buckley brethren. It is expected that the Democratic Candidate for Governor, Col. Weller, will be defeated, as the free soil men are all opposed to him, and having no candidate of their own will vote for Ford, the whig nominee, who wisely kept his mouth shut, and never proclaimed whether or not he would vote for Gen. Taylor, thus catching the votes of both Whigs and Free Soilers. Although Ford may be elected, the State is good for Cass and Butler by many thousands in November.

What Does It Mean?—The election law of Ohio makes it the duty of the Governor to issue his proclamation sixty days before the presidential election, giving notice of the time of holding such election. He is also required to certify that the electors receiving the highest number of votes have been duly elected. The proclamation ought to have been issued two or three weeks ago, but the Governor has failed to do it, although the democratic papers are loudly calling on him to discharge his duty. His neglect looks suspicious; and it is strongly intimated that the proclamation has been purposely withheld, in order to give him a pretext for refusing to certify that the electors have been duly elected. The vote of the State is considered sure for Cass and Butler, and it may be that the Whig (Governor) is about making a desperate attempt to deprive the State of having a voice in the election. It certainly looks suspicious.

Mr. Clay declined.—The great whig movement in favor of Mr. Clay has proved—indeed most other great whig movements—more in the past. Mr. Clay has declined the nomination, and some of his most zealous adherents—Mr. Greely of the Tribune among others—have given in their adhesion to Taylor. Many who have seen the "Pioneer" think it will last forty or fifty years. I should think that it would afford work two or three years for many thousands of people, and may last many years as I cannot calculate the extent of country having gold.

The working of this machine, several hundred of men and women, may be cleaned out of America and others, who are cleaning one out of gold a day, have this week seen in Monterey, California who shows \$100 of gold from the labor of one day—most of it was the size of wheat. I saw a half-weighted one piece from his bag, and heard the weight an even ounce. He, like many others, only went up to the gold regions to see the place, borrowed tools, worked a few days, and came home to show his labor and take up brothers and cousins and provisions.

Four at the "Pioneer" is scarce at \$16 per day.

At almost this price it must continue, as people are forsaking their fields. I do not think I am exaggerating in estimating the amount of gold obtained on the rivers I have mentioned at one thousand dollars a day, for the last few days.
